Bähr
Anlagenbau

We are a strong team!

Bähr Anlagenbau GmbH, located in Düsseldorf, is a dynamically growing medium-sized company, which operates for well-known and marketleading customers throughout europe in industrial electrical plant engineering.

To strengthen our team, we are looking for:

Trainee Project Management Electrical Engineering (m/f/d)

Place of work: During the training phase, a longer deployment on a large construction site is planned, coupled with training measures and further stays on the construction site. After the training phase, the place of work is Düsseldorf.

The following challenging await you:

- Participation in calculations and project preparations
- Participation in project management. This includes organization and coordination in the areas of personnel planning, material purchasing and rental machine scheduling
- Complaint processing & quality controls
- Participation in project and construction meetings

For this demanding position you should be able to provide the following:

- Completed training in electrical engineering
- At least 3 years of professional experience, preferably in industry
- Knowledge of MS Office, especially Excel
- Fluent English skills desired
- Organizational strength, ability to work in a team, reliability and high level of initiative
- Traveling

We offer:

- a long-term and future-proof permanent position
- varied and responsible tasks in a team with a “we” mentality
- Subject-specific training and further education
- attractive pay and development opportunities
- the possibility of a hybrid workplace, workplaces fully equipped to work from home
