

## **We are a strong team!**

Bähr Anlagenbau GmbH, located in Düsseldorf, is a dynamically growing medium-sized company, which operates for well-known and marketleading customers throughout europe in industrial electrical plant engineering.

To strengthen our team, we are looking for:

## **Electrical system fitter (m/f/d)**

Place of work: Gelsenkirchen

### **The following challenging await you:**

- Wiring & connection work according to circuit diagram
- Maintenance of the electrical installations at our Gelsenkirchen power plant location
- Troubleshooting and elimination during ongoing operation
- Observance and compliance with safety guidelines and quality

**For this demanding position you should be able to provide the following:**

- completed vocational training as an electrician
- relevant professional experience in industry
- Reading circuit diagrams
- Knowledge of E.-MSR technology
- Independent, responsible and structured way of working
- Car driving license

## **We offer:**

- An exciting/varied field of tasks in a committed team
- Comprehensive and qualified induction including required training
- Strong development opportunities through our in-house training program
- Attractive remuneration
- A future-oriented workplace and trusting collaboration in a company with flat hierarchies
